## SYSTEMS DEVELOPER

The Allendale Group Limited are a family owned business based in Hoddesdon, Hertfordshire since 2003. Specialists in all Electronic & Mechanical Engineering equipment with a growing number of brands operating in a wide range of industries under the Allendale Group name, with manufacturing and distribution facilities in the USA & China.

We operate a number of bespoke in-house applications, so candidates must have experience of program writing and the ability to be able to create, design, develop and implement systems. This is an exciting opportunity for someone with a desire to be directly involved in delivering all aspects of IT.

This is a full-time position which requires you to be able to present a professional image of the company, be highly organised and have excellent communication skills.

### Ideal experience includes:

- Commercial experience of working with Microsoft technologies (.NET, VB, ASP, etc.)
- Experience of database management systems such as SQL
- ATOM, Notepad ++
- C#, C++, JavaScript
- Excellent English oral and written communication
- A degree in a relevant field is desirable

### Key skills required:

- Systems Developer
- C#
- C++
- JavaScript
- SQL
- .NET
- Visual Basic
- ASP
- VB
- HTML
- SAP Crystal Report Programming

To apply please submit your CV to [jobs@allendale-group.co.uk](mailto:jobs@allendale-group.co.uk)

*Only short-listed candidates may be contacted for this role. If you haven't heard from us within 28 days please assume you have been unsuccessful on this occasion.*
